Muhūrta Note for Prince — Starting a Business or Venture

Calculated for Minneapolis, Minnesota, with your personal Tārā-bala applied

Dear Prince,

I've looked carefully across the window you gave me, and I'm pleased to tell you it holds several genuinely good days for launching a venture — not one grudging option, but a handful. Here are the three I'd put forward first, with the hours to step around on each.

Friday, 29 June 1984 — Punarvasu nakṣatra, Shukla Pratipada

This is my first choice. Punarvasu is a star that favours beginnings in business, and it falls here on the first day of the brightening moon — a natural "opening" day. For you personally the Tārā is Sampat, the star of prosperity, which is about as encouraging a personal signature as one could hope for at a launch. Dhruva yoga and Bava karaṇa round it out well.

Avoid that day: Rāhu Kāla 11:20–13:16, Yama Ganda 17:09–19:06, and Gulika 07:27–09:24. The clean stretch of 09:24–11:20 in the morning is lovely, and 13:16–17:09 in the afternoon is wide open. Sunrise 05:31, sunset 21:02.

Sunday, 15 July 1984 — Dhanishta nakṣatra, Krishna Tritiya

Dhanishta is a wealth-and-enterprise star and supports starting a venture squarely. Your Tārā here is Ati-Mitra — the "great friend" — which is the warmest personal reading in the whole set. Ayushman yoga adds a note of longevity, which one always likes to see under a new business.

Avoid that day: Yama Ganda 13:19–15:13, Gulika 17:07–19:01, and Rāhu Kāla 19:01–20:55. Note how kindly these fall: the entire morning from sunrise at 05:42 right up to 13:19 is unobstructed. If you want an early signing or an opening at the start of the day, this is the cleanest morning on the list.

Saturday, 14 July 1984 — Shravana nakṣatra, Krishna Dvitiya

Shravana is strongly supportive of launching a business, and your Tārā is Mitra, the friendly star. Priti yoga carries a feeling of goodwill and agreement — useful if the day involves partners, signatures, or a public announcement.

Avoid that day: Gulika 05:41–07:36, Rāhu Kāla 09:30–11:24, Yama Ganda 15:13–17:07. One caution here: Gulika begins right at sunrise, so the first two hours of the day are blocked. If you were picturing a dawn start, choose 15 July instead. The window 11:24–15:13 is the broadest clear run on the 14th.

Other strong days, if those three don't suit your paperwork or partners:

Friday, 20 July — Revati, Dhriti yoga, Tārā Kṣema (well-being). Avoid Gulika 07:40–09:33, Rāhu 11:26–13:19, Yama 17:05–18:58; good clear slots at 09:33–11:26 and 13:19–17:05.

Tuesday, 24 July — Rohini, Dhruva yoga, Tārā Mitra. Avoid Yama 09:35–11:27, Gulika 13:19–15:11, Rāhu 17:03–18:55; a clear early morning from sunrise 05:51 to 09:35.

Wednesday, 1 August — Hasta, Siddha yoga, Tārā Mitra. Avoid Yama 07:50–09:40, Gulika 11:29–13:19, Rāhu 13:19–15:09; the 09:40–11:29 window is the pick.

Thursday, 2 August — Chitra, Sadhya yoga, Tārā Ati-Mitra. Avoid Yama 06:01–07:51, Gulika 09:40–11:29, Rāhu 15:08–16:58; 11:29–15:08 is the longest clear run.

Saturday, 11 August — Dhanishta again, Saubhagya yoga, Tārā Ati-Mitra. Avoid Gulika 06:12–07:58, Rāhu 09:45–11:31, Yama 15:04–16:51; 11:31–15:04 is comfortable.

A gentle word of caution on two otherwise attractive days: both 2 August and 11 August have an inauspicious band sitting right on sunrise (Yama on the 2nd, Gulika on the 11th), so an early-morning launch there would need to wait. They remain fine days — just not early ones.

So, in short: **29 June, 15 July, and 14 July** are the three I'd put your name against, in that order, with 20 July and 24 July as capable understudies. Keep clear of the Rāhu Kāla windows above in particular, and you are working with the day rather than against it.

This points you to the auspicious days, Prince. The exact hour — down to the minute you sign, open the doors, or make the first transaction — is best finalised with your astrologer against your own chart. May the venture take root and flourish.

With warm regards,

Devata

A NOTE FROM YOUR ASTROLOGER

A sample reading. Prince Rogers Nelson was born on June 7, 1958 at 18:17 in Minneapolis; this reading is cast as of January 1, 1984 — inside his Jupiter daśā, months before Purple Rain — so that what the texts said of the years ahead can be read against what happened. A reading for a living person is cast as of the day it is ordered.
